Dear Sir,

re: Parish of Waiotahi, Allotment 303

I act for Tuki Haukore II (Thomas Tuki) of Rotorua who has entered into an agreement to sell the above land to one K. J. Tatton for whom Messrs Sharp, Tudhope & Co, are acting. On the particulars of title, the only information is that the area is 5 acres 2 roods 3 perches and that the Land Transfer reference is Volume 66 folio 172. However, a recent search at the Gisborne Land Register shows that the land is still in the name of one Ngatete and it seems that subsequent successions from Ngatete to Rangikahu to Haukore I to Haukore II have not been registered in the Land Transfer Office at Gisborne. To enable this matter to proceed, would you please take the necessary action to ensure that the Land Transfer reference to the registered land is identical with the person shown on the title file, named Tuki Haukore II.

Yours faithfully,
