

The Registrar

N.L. Court.

Gisborne.

Gratings

I am writing to ask whether you have the plan of Hiwarau B Block there. I have written to the Rotorna office and was told by the Registrar to write to you. There is some trouble with respect to the dividing lines, at least Whakawae Rimaha does not believe that the pegs ~~are~~ were put in correctly; and if you have the plan there please forward me a tracing of it together with descriptions of boundaries. Would be good enough to forward me the tracing right away and your fees for same.

Signed: Kararaina Mou.

Cost of tracing 10/6

Miwarau E. Block

In reply to your memo of the 15th. inst. please find enclosed tracing of all subdivisions of Miwarau E. Block. All the subdivisions shown have been approved by the presiding Native Land Court Judge, consequently the surveys are correct. If you require any further particulars kindly state which subdivision. If you still require descriptions make an application to the Native Land Court Office at Victoria. Kindly remit cost of tracing. Account enclosed.
