President Waikariki Dist.M.L.Bd.,
Rotorua.

In reply to your letter of the 24th.ult. I have to advise you that the area of Hiwarau A Block is 784ac. less a scenic reserve lately taken comprising 48½ac. leaving 735½ac. Two small sections of 25 acres each have been cut out of Hiwarau A but I am not sure whether these surround the native kaingas or not. I am therefore sending you plan 7958 of the block in case it may be useful if you have to make enquiries into the question ~~of the areas of Houpoto Whitiare.~~

The area of Houpoto Whitiare is 731 acres and that of Tunapahore North No.1B is 1026ac.2r.00p.

In reply to your memo. of the 1st. instant I have shown on the plan in pencil the part of the Block containing 61 acres reserved to the owners. This reserve should have been surveyed at the same time as the whole Block and it may have been, I do not know where Mr. Reardon is at the present time or I would ask him. Can you furnish me with his address. In any case I presume a plan of the reserve will be required before the District Land Registrar will register his lease.

I notice the plan has not yet been approved by the Judge who made the partition. It is returned herewith.

Hiwaraua Block.

In reply to your letter of the 4th. inst. I have to advise you that I have seen Mr. Beardon who informs me that the portion reserved for the natives, containing 61 acres, has been surveyed by him. I have explained to him that he must make a land transfer survey plan of the portion leased by him to register against the parent title.
