Dear Sir

Would be much obliged if you could furnish me with a little information in connection with a "Native Survey" on Hiwarau Block A Parish Of Waitahi - Mr C. W. Beardon (Surveyor) recently cut out sixty acres (60) for a Native named Hi Koto - Have the plans been approved - The reason I am seeking this information, is, that I purchased the lease of the Hiwarau A. Block last September, the Deed Of Lease is hung up pending the Survey of the said 60 acres and approval of plans - As I am about to go on "Active Service" would be grateful for the above information which would greatly help me to settle my affairs - Thanking you in anticipation

I have the honour to be
Yours obediently
Arnold J. Harris.

re Hiwarau Block A,
Parish of Waipahi

In reply to your letter of the 16th instant, I desire to inform you that a Land Transfer Plan of the sixty acres referred to will require to be lodged with the District Land Registrar before any lease can be registered; and Mr Beardon who called here recently has also been advised to this effect. I gather from him that no further field work will be required but that he can construct the necessary plan from data already in his and our possession.

WGH
Chief Surveyor.
