16th June, 1930.

The Registrar,
Waiariki District Native Land Court,
ROTORUA.

Dear Sir,

re Waioeka 340.

We are instructed by the Native owners of above Block to write you in connection with an application, which they understand the Opotiki County Council intends to make to the Court, to have a fifty links right-of-way declared a public road.

The Native owners desire to oppose the application to the Court.

We assume that the application of the County Council will come before the Court at the next sitting at Opotiki, and the owners will then place the grounds of their objection before the Court.

Yours faithfully,

NVH/KS.

Opotiki County Council

Council Chambers,
Main Street, Opotiki,
Bay of Plenty, N.Z.

August 5th 1930

Registrar

Waiariki District Native Land Court

ROTORUA.

Dear Sir,

Acting under instructions from the above Council I would respectfully ask the Court to have the private right of way 50 links wide running along the northern boundary of Section 340 Opotiki S. D. declared a road line.

The principal reason for the application is that it would give Council access to extensive deposits of river shingle which is essential for road works.

If Council's request is acceded to a road would be formed and metalled.

Yours faithfully,

J. T. [Signature]
COUNTY CLERK
