This Application for a vesting order and the Application for Partition tell their own story.

In the Court file which I saw there was no sketch of any subdivision of Waioeka 337A No. 2, although in the succession orders I noted reference to lots 337A No. 2B and 2BI and 2.

However, the people are quite unanimous on this scheme which has been fully explained to them by Judge Harvey and by myself.
